

# Connect multiple cables to create a longer run

## Optional Accessories

Cables for HDMI

## HDMI Mate (Discontinued)

### HDMI Female to Female Adapter

**This product has been replaced by a new Gefen product, PN: ADA-HDMI-FF**

The HDMI-Mate lets you connect multiple HDMI™ cables to create a longer running cable distance between source DVD or Set-top boxes and the HDTV display.

#### Applications:

- 1- Extending HDMI™ cables by offering to "string" them along.
- 2- Bridging between DVI cables and HDMI™ cables

#### Products used:

LCD Displays  
 LCD Projectors  
 Plasma TVs  
 Rear-Projection TVs  
 HDTV compatible products  
 Satellite Set Top Boxes  
 DVD Players

#### How It Works

The cables use a much smaller connector than DVI style connector. The HDMI™ specification handles all HDTV resolutions of uncompressed video and up to eight channel of digital audio, all enclosed in one simple cable and HDMI connectors.

#### Features:

- Easily connect two HDMI™ cables

#### Specifications:

- HDMI Connector: HDMI type A 19 pin female
- Dimensions: 1.6"W x 1"H x 1.3"D
